

V/H Impt. Teacher

Salary Range \$31,500 - \$55,125 Annually

Characteristics of Work: This is a professional work involving the teaching of courses to students whose vision is impaired.

Incumbents are responsible for preparing lesson plans, instructing students, implementing the IEP, administering tests, maintaining accurate records, sponsoring student activities, communicating with parents and stakeholders, and other duties as assigned by the principal.

Qualifications: Applicants must possess a valid class A educator license issued by the Mississippi Department of Education. The candidate must be willing to obtain an endorsement for teaching students with visual impairments within the first three years of employment.
